

TEXTILE DISCLAIMER (Patterned Material) PRODUCT:

RE: S.O.#

NAME:

P.O.#

EMAIL:

Due to the tapered curvilinear design on the Superkool it is not possible to match all the various textile components, particularly patterned materials with geometrics & stripes.

Our craftsmen strive for perfection and will match the pattern as best as possible.

Solids are strongly recommended but if the project dictates that a patterned material is required. Please note that we will proceed on a best efforts basis.

By acknowledging this "MATERIAL DISCLAIMER" you understand that the product will not match via pattern within the product and or from product to product.

Please indicate that you accept these terms and return via email ASAP. A signed disclosure must be received prior to upholstering the product. If uniformity must be assured then please change your specification to a plain material .

Please Sign and return via fax ASAP. Signed disclaimer must be received prior to upholstery.
